[APPLY NOW](#)

### What you can expect

- With over 1 million downloads, our iPhone and iPad apps are an important cornerstone to our success.
- As a part of our mobile team, you develop and refine our apps in close collaboration with our project management team.
- Together with your colleagues in Java development, you make sure that our apps are seamlessly incorporated into our infrastructure.
- With your creativity and experience you help ensure the optimal coordination of concept, design, and technology.

### What sets you apart

- You already have extensive experience implementing iOS apps with client-server communication.
- You already have detailed experience with Objective-C and Swift.
- Aside from Xcode, you're familiar with Git, Cocoapods, and Fastlane.
- You bring thorough knowledge about standard iOS frameworks, APIs, and common design patterns to the table.
- You have a strong command of German and English, both written and spoken.
- You stand out thanks to your proactive approach, teamwork skills, and the ability to act on your own initiative.
- You have a degree in computer science,

media informatics, or in a comparable field of study.

- Don't know much about luxury watches? Don't worry, we'll teach you everything you need to know.
